**BannerUp Plus 88 is the
- marketplace favourite -**

Width 88 cm. Height 212 cm.

Make the right choice of banner stands

It started with a cassette and a banner to be pulled up. It continued with new ideas of attractive banner stands, with many new features.

Today you can choose between different models and functions (rollable or tension type stands), different widths and heights and a large selection of accessories. Each stand comes with its own carrying case to enhance portability.

Go on and read more about all the alternatives!

Mark Bric banner stands overview

BannerUp

Thousands of satisfied users around the world consider this to be the **premier, top quality retractable banner stand** (rollup) on the market. Equipped with a unique and patented banner change system, enabling you to replace graphics in no time. Choose from two models, different sizes, single or double sided units and an outstanding selection of accessories, such as a "flight case" and halogen spotlights.

*Standard widths: 25, 60, 88, 100, 120 and 150 cm.
Heights up to 300 cm.*

Impression

Our newest model with focus on outstanding design and the use of top class material. Few components make assembly extremely quick and easy.

*Width: Impression¹ - 88 cm, Impression² - Flexible
Height: 210 cm.*

BannerUp Lite

Our original tension banner stand. Can be used single or double sided. A versatile and low weight stand.

*Width: 88 cm (special sizes on request).
Height: 150-230 cm (ss) / 165-245 cm (ds).*

Multimaster

Our multi-purpose stand for both graphic banners, rigid panels and frames. Single or double sided. Super-height (300 cm)!

*Width: Flexible.
Height: 120-300 cm.*

Top quality – no compromises

Impression

– focusing on design and quick set-up

A most elegant stand to further strengthen the impact of your promotion. Top class material is used in all details. Few components to make assembly **extremely fast and easy**. An outstanding alternative from Mark Bric!

There are two models to choose from:

Impression¹ with mounting tape rails

Height 210 cm, width 88 cm.

- Slimmest design (front view)
- Ability to mount a spotlight
- Solid stainless base for maximum stability

Impression² with snap-lock rails

Height 210 cm.
Width: Any size up to 115 cm.
Use two stands for wider graphics (>115 cm)

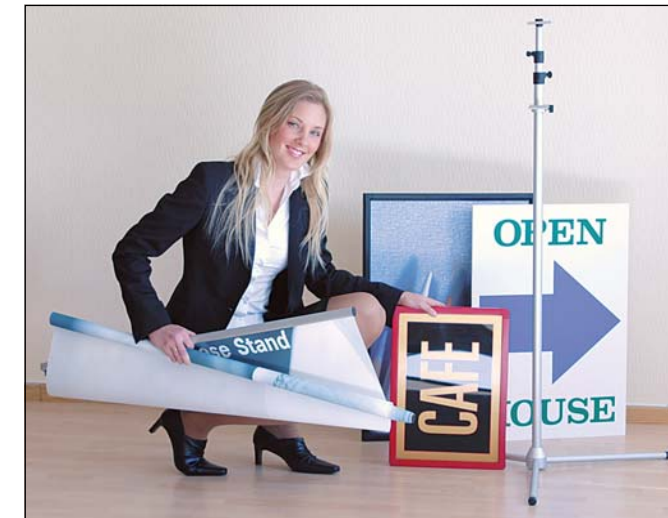

- Flexibility in graphic width
- Easy and economical change of graphics
- Low weight base for maximum portability

MultiMaster

– with a character making the use extremely flexible

This multi-purpose stand masters perfectly graphic banners and rigid panels, as well as signs and posters framed with Flexiframe or BudgetFrame. It impresses with a super height of up to 300 cm and can be tailored to any desired width – no need to change your original artwork. MultiMaster is available in anodised aluminium or in a tough scratch-resistant matte black finish.

One idea: 3 MultiMaster connected!!

BannerUp Lite

– full of display advantages

Our original banner stand, still preferred by many of our clients. BannerUp Lite combines low weight with a good stability and is flexible in width and height.

Standard width is 88 cm, but special sizes can easily be delivered on order. The telescopic pole provides tension at any height between 150 and 230 cm.

Sometimes a double sided unit is more effective. Standard width 88 cm – telescopic height 165 – 245 cm.

By means of the telescopic pole, the height can vary from 120 cm up to 300 cm.

MultiMaster can be used both single or double sided and your message can be lifted from the floor to a perfect visibility.

Top quality – no compromises

BannerUp – our utmost popular “rollup” stand among exhibitors worldwide

BannerUp is an ideal product at exhibitions, events, conferences and sales promotion campaigns, as well as being a perfect “companion” for sales people on the road. The graphic banner is well protected in the metal cassette

Smithsonian National Air and Space Museum, Washington. Designed and produced by 1717 Design and Presentation Resources, Richmond, VA.

during storage and transportation. BannerUp is extremely practical and easy to use and most effective in getting your message across. No wonder it is popular!

The perfect “flight case”

A Hard Case on wheels for safe transport of the BannerUp, with your valuable graphics. Send it by truck, or check it in at the airport – no problems!

Uniquely different

- Style and stability
- Quick Banner change
- 4 different widths
- Up to 3 m height
- Single- or doublesided
- 10 years warranty

www.markbric.com

...the top-quality banner stand – patented!

“Big Plus” – 4,5 sqm for maximum attention!

The BigPlus unit is sold in widths of 120 and 150 cm and in 3 metre heights, making a total graphic area of 4,5 sqm possible. Unique for a rollup unit. These grand sizes offer completely new and improved possibilities to display your message at trade shows, public places etc, that is, in places where large format advertising is not only possible, but in most cases necessary, to get maximum attention.

Recognized worldwide and guaranteed for 10 years.

An attractive set-up, in a company showroom, with three 88 cm BannerUp units is a good eye-catcher.

BannerUp is ideal to connect side-by-side

“Double Plus”

– with messages in two directions

Why get noticed only by 50 % of the passers-by? Use instead the Double Plus and you will double the effect of your advertising message. Ideal in the front line of the trade show booth, in shopping malls etc. Double Plus is available in 88 cm width.

Here is an example with eight 88 cm wide BannerUp Plus units connected. A 6,5 metre backwall is achieved!

BannerUp Plus

– new, stylish and lightweight

BannerUp Plus is our most popular model with a modern and elegant look. The visible front rim of the cassette is only 40 mm high, by far **the slimmest and most discreet banner cassette on the market**. The graphic banner is always in absolute focus. BannerUp Plus is produced in aluminium with low weight for increased portability. Equipped with hideaway swivel-feet for increased stability if needed.

BannerUp Original

– still going strong

BannerUp Original was developed by Mark Bric in 2000 and is extremely well tested on the market. BannerUp Original has a more robust design and is slightly heavier compared to our new Plus model. Produced in sheet metal and available in anthracite colour. Equipped with hideaway swivel-feet for increased stability if needed.

EUR patent no. 1285421

Quick and easy banner change

An invention by Mark Bric enables you to repeatedly use different banners in the same cassette, both Original and Plus. Just slide the old banner out of the cassette and replace it with a new one. **Voilà!**

More attention with light

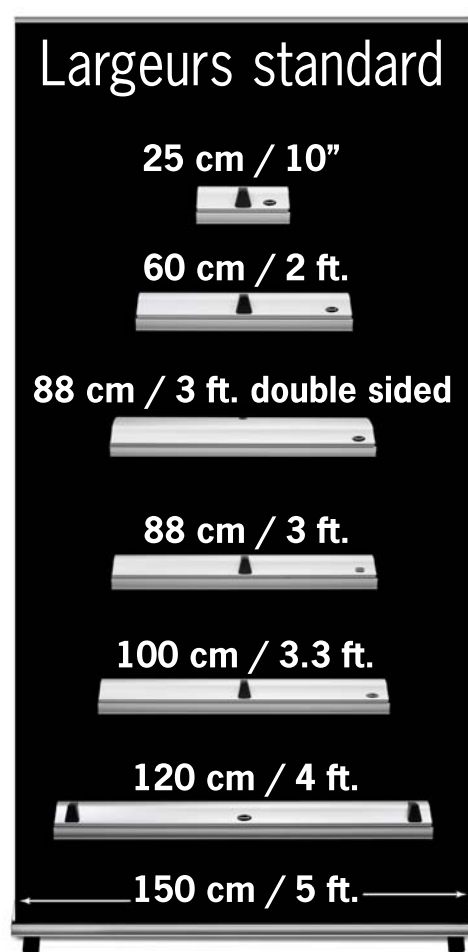

A well designed, 50W halogen spotlight is available for increased visibility.

MultiMaster

Ready in less than a minute!
The 88 cm wide BannerUp in action.

Standard heights

48 cm/19" (25 cm), 186 cm/6 ft. (60 cm) , 212 cm/7ft. (88, 100, 120, 150 cm) and 300 cm/10 ft. (Big Plus).
Extension poles of 19 cm/7,5" and 38 cm/15" are also available.
